LUND
UNIVERSITY

Magna Charta Universitatum 2020

LUND
UNIVERSITY

www.euniwell.eu

Magna Charta Universitatum 2020

Three principles:

- Research and teaching must be intellectually and morally independent of all political influence and economic interests
- Teaching and research should be inseparable, with students engaged in the search for knowledge and greater understanding
- Universities have to be a place for free enquiry and debate, distinguished by its openness to dialogue and rejection of intolerance

LUND
UNIVERSITY

Magna Charta Universitatum 2020

Universities embrace their duty to teach and undertake research ethically and with integrity, producing reliable, trustworthy and accessible results

Swedish Legislature

Etikprövningsmyndigheten

Swedish Ethical Review Authority

- The Swedish Ethics Review Authority is a state administrative authority responsible for ethical review of research on humans
- The authority examines applications for ethics review of research involving humans and human biological material

LUND
UNIVERSITY

www.etikprovningmyndigheten.se

Jordbruksverket

Swedish Board of Agriculture

Jordbruks
verket

- The Swedish Board of Agriculture is the administrative authority in the agricultural policy area and is responsible for matters such as of agriculture, stock farming, and animal experiments
- All applications dealing with the permission to perform animal experiments must be sent to the Swedish Board of Agriculture
- Applications will be evaluated and approved by a regional ethical committee (Malmö/Lund's animal experiment ethics committee)

LUND
UNIVERSITY

Nämnden för prövning av
oredlighet i forskning

National Board for Assessment
of Research Misconduct

Npof.

- The National Board for Assessment of Research Misconduct is a Swedish governmental agency
- The board investigates research misconduct, cases that previously were handled by the Swedish universities
- Research misconduct is defined in the law as a serious breach of good scientific practice in the form of fabrication, falsification or plagiarism

LUND
UNIVERSITY

www.oredlighetsprovning.se

ÖNEP

- The Board of Appeal for Ethics Review is reviewing appealed and submitted applications for ethics review permits
- The Board of Appeal for Ethical Review is responsible for the supervision of ethics in research on humans

Den europeiska kodexen för forskningens integritet

The European Code of Conduct for Research Integrity

Good research practices are based on fundamental principles of research integrity

- Reliability
- Honesty
- Respect
- Accountability

The European Code of Conduct for Research Integrity

REVISED EDITION

Lund University

LUND
UNIVERSITY

Lunds universitets råd för etik och akademisk frihet

Lund University's council for ethics and academic freedom

- The Council for Ethics and Academic Freedom works to increase understanding of the importance of an ethical approach in Lund University's activities
- The purpose is to stimulate discussion and debate on ethical issues and to promote knowledge development in the field of ethics

LUND
UNIVERSITY

Nämnden för utredning av
avvikelser från god forskningssed

Board for investigation of
discrepancies from good research
practice

- Suspicion of deviations from good research practice other than misconduct in research is examined at Lund University by the board for investigation of discrepancies from good research practice

LUND
UNIVERSITY

Additional information about research ethics is about both legislation and rules and good research practice dealing with

- Ethical review
- Animal experiments
- Deviation from good research practice – research misconduct
- Informed consent
- Handling personal data
- Biobank research

Additional information about research ethics is about both legislation and rules and good research practice dealing with

Vetenskaplig ombudsman

Scientific Ombudsman

What are the tasks of a Scientific Ombudsman?

A scientific ombudsman provides independent advice and support in matters within the scientific activity, for example questions concerning publication, author responsibility or research collaborations.

What is not included in the tasks of a Scientific Ombudsman?

- Issues related to work environment and personal conflicts
- Advice and support for research concerning research ethics and the research ethics regulations
- Suspicion of misconduct in research

LUND UNIVERSITY

The tasks of the Research Ethics Council include:

- Support the faculty management in research ethics issues of a principled nature
- Stimulate an ethical discussion and to raise important issues at the faculty
Provide general advice or guidance to employees regarding ethical aspects of their research
- The Council is also free to comment on research ethics issues of a general nature

LUND UNIVERSITY
