

FACULTY OF
MEDICINE

Certificate, Halfway review for PhD-education

Name of doctoral student

Personal identity number

Department

Email address

The doctoral student's performance at the seminar

Component	Comments and recommendations
-----------	------------------------------

Written summary of the
thesis project.

Oral presentation.

Discussion/handling
of questions.

Activity, progress and quality of research work

Component	Comments and recommendations
-----------	------------------------------

Quality

- Relevance and significance.
- Approach and methods.
- Presentation and interpretation.

Component	Comments and recommendations
<p>Quantity</p> <p>Is the volume sufficient?</p> <ul style="list-style-type: none"> • Scope of the papers • Number of papers • Doctoral student's contribution/place in authorship order. 	

PLAN for the remaining two (four) years:
will the doctoral student be able to meet the requirement for quality and scope?

Internationalisation

The PhD-student has participated in an international conference Yes No
The PhD-student has participated in other international activities Yes No
Examples of international activities:

The individual study plan

	Comments and recommendations	
The plan is updated at least once.	Yes	No

The plan describes how requirements for quality and scope in the thesis work are to be achieved.

The plan describes how requirements for the doctoral student's generic knowledge and skills (assessed via the portfolio) are to be achieved.

Generic knowledge and skills, mepo003 12 credits – assessment of progress at halfway review

The assessment form below is based on the learning outcomes in the syllabus for this course:

www.intramed.lu.se/en/phd-studies/admission-examination/learning-activities/generic-knowledge-and-skills-portfolio

How this syllabus links to the degree learning outcomes is stated here: libguides.lub.lu.se/ld.php?content_id=32141803

Bedömningsunderlaget utgörs av doktorandens portfolio. Mer information om portfolios uppbyggnad hur de olika kursmålen kan uppfyllas samt hur de relaterar till examensmålen finns i dokumenten:

Guide to your portfolio work: libguides.lub.lu.se/ld.php?content_id=26624315

Course learning outcomes – on completion of the course, doctoral students shall be able to	Category in the portfolio	Demonstrated progress towards the learning outcome?		
		No	Partially	Yes
identify and analyse challenges and problems in their own and others' research, and propose options to solve or address these problems.	1. Research process	No	Partially	Yes
independently formulate a project plan including research issue, method and timetable.	1. Research process 2. Research methodology	No	Partially	Yes
reflect on the choice of method and the strengths and weaknesses of the methodology used in their own research project.	2. Research methodology	No	Partially	Yes
describe the strategies used to meet their need for knowledge in the general subject field and its methodology.	3. Subject expertise	No	Partially	Yes
independently assume responsibility for all parts of the publication process.	4. Publication	No	Partially	Yes
reflect on the development of their own teaching ability, how it is applied to support others' learning, and how they have dealt with adapting their teaching activities to different target groups, e.g. in wider society.	5. Teacher training and experience 8. Cooperation with wider society	No	Partially	Yes
present and discuss research and research results with collaboration partners and at seminars and conferences, and reflect on the quality and authority with which this is done.	6. Conferences and seminars 7. National and international collaboration with the research community	No	Partially	Yes
reflect on the significance of collaboration, conferences and other research interactions for research quality and the development of their own competence.	7. National and international collaboration with the research community	No	Partially	Yes
reflect on possible use of, and channels for, implementation of their own research results in society, and be able to identify the opportunities and risks associated with such use.	8. Cooperation with wider society 9. Ethical issues	No	Partially	Yes
make assessments relating to research ethics, assess the need for ethical review and reflect on what is meant by research integrity, with examples from their own thesis work.	9. Ethical issues	No	Partially	Yes

identify their own strengths and weaknesses, and reflect on different career paths and the knowledge and skills these require.	10. Career development	No	Partially	Yes
reflect on their development towards independence, particularly in relation to their supervisor	11. Supervision/supervisor(s)	No	Partially	Yes
demonstrate insight into, and involvement in, administration, organisation and leadership of research and education.	12. Administration, organisation and leadership	No	Partially	Yes
seminars (compulsory for PhD students admitted from 2019-01-01): the PhD student has attended at least 18 seminars (or equivalent) over at least three years, and documented (time, title, name of speaker) and reflected over them (main content/take-home) in their portfolio.	6. Conferences and seminars	No	Partially	Yes

Comments and recommendations regarding the portfolio – to be filled in!

It is important that doctoral students receive constructive feedback at the halfway review. In fields where **Yes** is selected, the emphasis is on something positive and what can be further developed. If **Partially** is selected, there is a need for feedback about what is lacking or needs to be developed, and this is even more important if **No** is selected.

Extra follow up by deputy head of department is recommended.

Reviewers' signatures

As reviewer I have taken part of this Halfway review:

Please send the signed certificate (all supervisors must sign the form) together with the Portfolio by email to the deputy head of your department. You can find the email address to your deputy head of department on the website: www.intramed.lu.se/en/phd-studies/contact-us-regarding-your-phd-studies. The deputy head of department will then forward the certificate by email to Madeleine Nyström at the PhD Studies Office.

Signature of deputy head of department

As deputy head of department I have read the recommendations from the reviewers in this document.
